

Source green at the pace that's right for you...

LEED Category	Sub-category	Total Points Allowed
LEED - NC		
LEED - CI		
LEED - EB	• Sustainable Sites	14
	• Water Efficiency	5
	• Energy & Atmosphere	23
	• Materials & Resources	16
LEED - CS	• Indoor Environmental Quality	22
LEED - HOMES	• Innovation in Operation & Upgrades	5

### Sustainable Sites - 4 Pts.

- Snow Removal - Equipment and chemicals with minimal Environmental Impact. Sustainable Cleaning Products and Materials.
- Cleaning of Building Exterior - Use green cleaning and maintenance practice materials.

### Materials and Resources - 6 Pts.

- Sustainable Purchasing - Cleaning materials, products, disposable janitorial paper products, trash bags
- Occupant Recycling Program

### Indoor Environment Quality - 6 Pts.

- Green Cleaning Entryway Systems
- Dilution Control Systems - Training & Procedures, Storage
- Green Cleaning - Low Environmental Impact.
- Green Cleaning - Low Environmental Impact Pest Control.
- Green Cleaning - Low Environmental Impact Cleaning Equipment Policy

LEED-EB Certification Levels:

- Certified 32-39 Points
- Silver 40-47 Points
- Gold 48-63 Points
- Platinum 64-85 Points

Other ways we can help you be more green!

## Our approach to Green Cleaning!

### Products:

- Green Chemical Program
- Green Seal Paper & Hand Care
- Reprocessed Trash Bags

### Tools:

- Microfiber Cleaning Systems
- Proper Indoor Matting
- High Filtration Vacuums

### Procedures & Training

- Customized Training Guides
- Improve Cleaning Process
- Improve Awareness

### Sustainable Solutions

- Reduce, Recycle, Reuse Program
- Energy Conservation
- Water Conservation
